ENGINEERED RELIABILITY

# SIG SAUER P 220

**SIG SAUER P 220**
*Double-Action Semiautomatic Pistol:*
*The first of the great SIG double-action autos and the world's first commercially successful auto-loading pistol to eliminate the need for external manual safeties. P 220 pistols available in the U.S. feature the thumb-level magazine-release catch favored by American shooters.*

**Specifications—SIG SAUER P 220**

***Function principle:*** **Mechanically-locked, recoil-operated autoloader**
**Trigger: Double Action/Single Action**
**Safety system: Patented, automatic firing-pin lock**

# SIG SAUER P 225

**SIG SAUER P 225**
*Double-Action Semiautomatic Pistol: Originally designed for the West German Police, this is the most widely issued police pistol in Europe. It has also achieved immense popularity in the U.S. It's more compact than the P 220 or the high-capacity P 226 and permits convenient concealment for plainclothes or off-duty carrying.*

## Specifications—SIG SAUER P 225

***Function principle:*** **Mechanically-locked, recoil-operated autoloader**
**Trigger: Double Action/Single Action**

***Optional accessories:*** sight pusher, wooden grip plates, spare magazines, cleaning kit, SIGLITE night sights, Three-Dot sights, padded floorplate, short trigger, carrying case.

**P 226** available in blue or K-Kote.

*(Specifications subject to change without notice)*

**SIG SAUER P 226**
*Double-Action Semiautomatic Pistol:*
*Hundreds of law-enforcement agencies have adopted the P 226, and the FBI has chosen this pistol as one of its primary weapons. The P 226 is a safe-handling, dependable, accurate, easily maintained, fast 9mm semiauto with a 15-round or optional 20-round magazine.*

# SIG SAUER P 230

**SIG SAUER P 230**
*Double-Action Semiautomatic Pistol:*
*This lightweight pocket powerpack, chambered for the .380 (9mm Short) necessarily differs in mechanical design from the P 220/225/226/ 228 /229 series, yet it shares their superb functional dependability and their handling-safety features, including the decocking lever and patented firing-pin lock. It also shares their ergonomically ideal grip angle and features equally fast, easy field-stripping. Blue finish or stainless steel.*

## Specifications—SIG SAUER P 230

***Function principle:*** **Straight blowback, fixed barrel**
**Trigger: Double Action/Single Action**
**Safety system: Patented, automatic firing-pin lock**

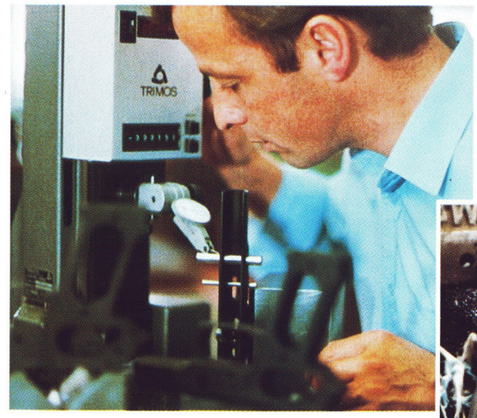
| | |
|---|---|
| Caliber | 9mm Short (.380) |
| Length, overall | 6.61" |
| Height, overall | 4.68" |
| Width, overall | 1.22" |
| Barrel length | 3.62" |
| Rifling lead | 9.84" |
| Number of rifling grooves | 6 |
| Sight base | 4.72" |
| Weight, excl. magazine | 16.2 oz. (20.8 oz.)* |
| Weight, empty magazine | 1.4 oz. (1.6 oz)* |
| Trigger pull weight | DA 9.9 lbs., SA 3.75 lbs. |
| Muzzle energy (depending on ammunition used) | 166 ft/lbs.. |
| Magazine capacity/rounds | 7 |

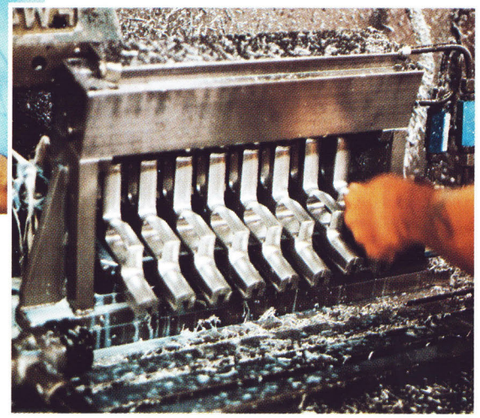
***Optional accessories:*** wooden grip plates, spare magazines, cleaning kit, carrying case.

**P 230** available in blue or stainless steel.

*(Specifications subject to change without notice* **Stainless version*

# SIG SAUER P 228





**SIG SAUER P 228**
*Double-Action*
*Semiautomatic Pistol:*
*A compact sidearm designed for off-duty or concealed carrying, this pistol provides 9mm power plus high magazine capacity—13 rounds in the magazine and a 14th in the chamber, ready to fire yet safe to carry. The U.S. Army has adopted the SIG SAUER P 228 as its M11 compact pistol, and the FBI has selected it as one of the primary weapons for its agents.*

**Specifications—SIG SAUER P 228**

***Function principle:*** **Mechanically-locked, recoil-operated autoloader**
**Trigger: Double Action/Single Action or Double Action Only**
**Safety system: Patented, automatic firing-pin lock**

| | |
|---|---|
| Caliber | 9mm Para |
| Length, overall | 7.08" |
| Height, overall | 5.35" |
| Width, overall | 1.46" |
| Barrel length | 3.86" |
| Rifling lead | 9.84" |
| Number of rifling grooves | 6 |
| Sight base | 5.71" |
| Weight, excl. magazine | 26.1 oz. |
| Weight, empty magazine | 3.0 oz. |
| Trigger pull weight | DA 12.12 lbs., SA 4.4 lbs. |
| Muzzle energy (depending on ammunition used) | 368 ft/lbs.. |
| Magazine capacity/rounds | 13 |

***Optional accessories:*** sight pusher, wooden grip plates, spare magazines, cleaning kit, SIGLITE night sights, Three-Dot sights, short trigger, carrying case.

**P 228** available in blue or K-Kote.

*(Specifications subject to change without notice)*

# SIG SAUER P 229

**SIG SAUER P 229**
*Double-Action Semiautomatic Pistol: Especially designed for the .40 S&W cartridge, the SIG P 229 is a compact pistol offering high capacity—a 12-round magazine—and is available with either a double-action/single-action trigger and the SIG decocking lever or with a double-action-only trigger. While the pistol is low in weight due to its light-alloy frame, the locking action is steel to steel. Its outstanding accuracy is enhanced by optimal trigger characteristics, light recoil, ideal grip angle, and balanced weight distribution.*

## Specifications—SIG SAUER P 229

*Function principle:* Mechanically-locked, recoil-operated autoloader
Trigger: Double Action/Single Action or Double Action Only
Safety system: Patented, automatic firing-pin lock

| | |
|---|---|

| Length, overall | 7.08" |
| Height, overall | 5.35" |
| Width, overall | 1.46" |
| Barrel length | 3.86" |
| Rifling lead | 15.00" |
| Number of rifling grooves | 6 |
| Sight base | 5.71" |
| Weight, excl. magazine | 27.54 oz. |
| Weight, empty magazine | 3.0 oz. |
| Trigger pull weight | DA 12.12 lbs., SA 4.4 lbs. |
| Muzzle energy (depending on ammunition used) | 368 ft/lbs.. |
| Magazine capacity/rounds | 12 |

***Optional accessories:*** sight pusher, wooden grip plates, spare magazines, cleaning kit, SIGLITE night sights, Three-Dot sights, short trigger, carrying case.

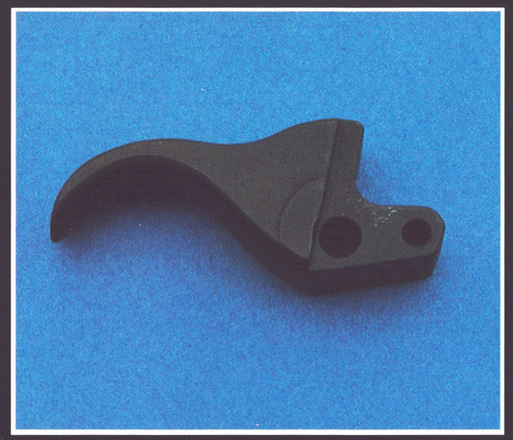
**P 229** available in stainless steel, black frame in aluminum alloy.

*(Specifications subject to change without notice)*

# Accessories

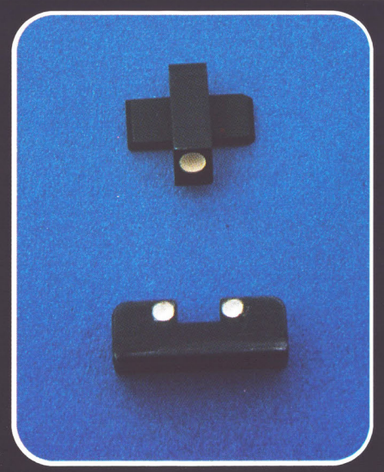
## SIGARMS CLEANING KIT

Included in this fine pistol-cleaning kit are a high quality swivel rod with a bronze brush, slotted jag, and round jag, plus a double-headed nylon brush—large bristles at one end, small at the other for reaching recessed parts. Everything is contained in a compact, ripstop nylon case with Velcro closure. When ordering, specify .45 or 9mm/.38 Super/.380.



## SHORT TRIGGER

This smooth, non-serrated Short Trigger (available for P 226, P 228 and P 229 only) is preferred by some shooters who have small hands. It's easily installed as a replacement for standard triggers.

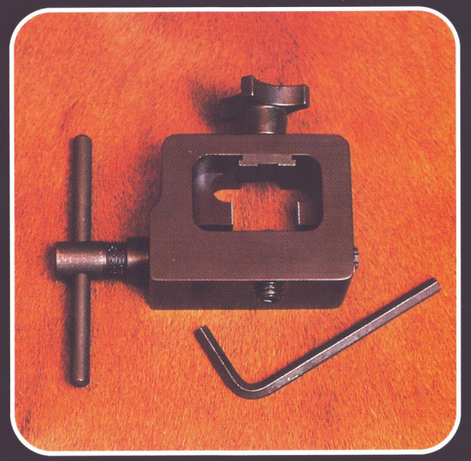


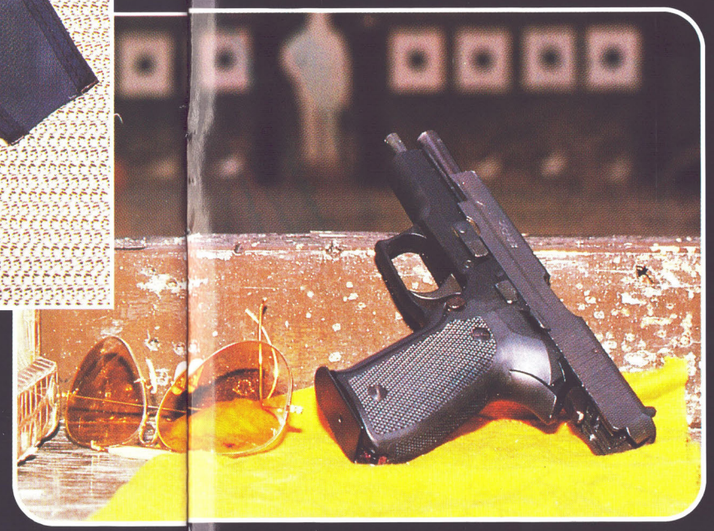
## THREE DOT SIGHT SYSTEM

These state-of-the-art pistol sights provide the shooter with high visibility and quick alignment. When ordering the Three Dot Sight System, specify your SIG pistol model. (Rear sight only).

## COMBINATION SIGHT PUSHER FOR FRONT AND REAR SIGHT

The new Combination Sight Pusher is a compact, remarkably unique tool that makes it extremely fast and easy to interchange and zero-in front and rear sight elements. Windage adjustments can be made very quickly at the range. The Combination Sight Pusher is available for all SIG dovetailed front sights and fits the P 220, 225, 226, 228, and 229.





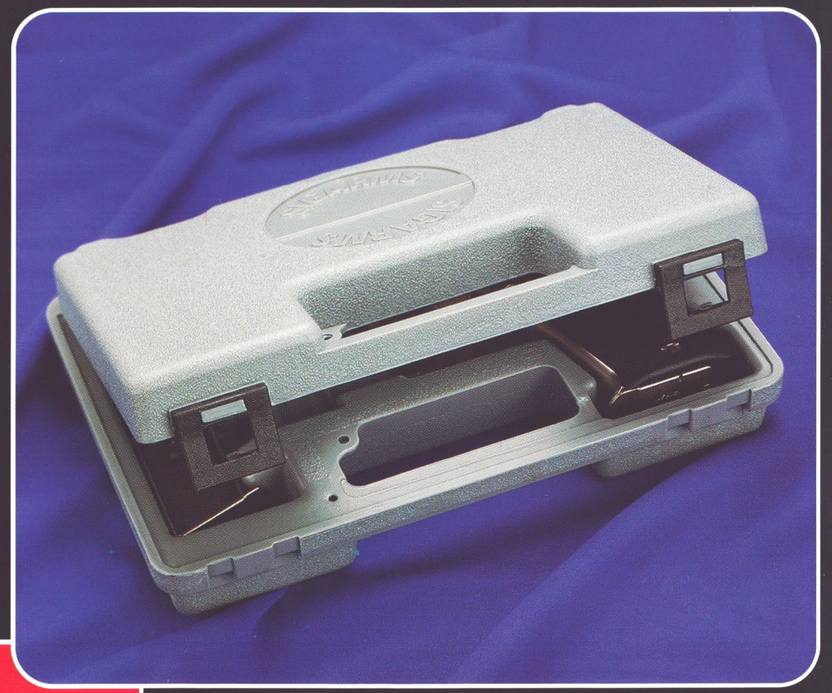
## WOOD REPLACEMENT GRIPS

These walnut grip panels are available for the P 220 (order European or American type), P 225, P 226 (specify serial number), P 228 and P 230. Specify pistol model when ordering.

# Accessories

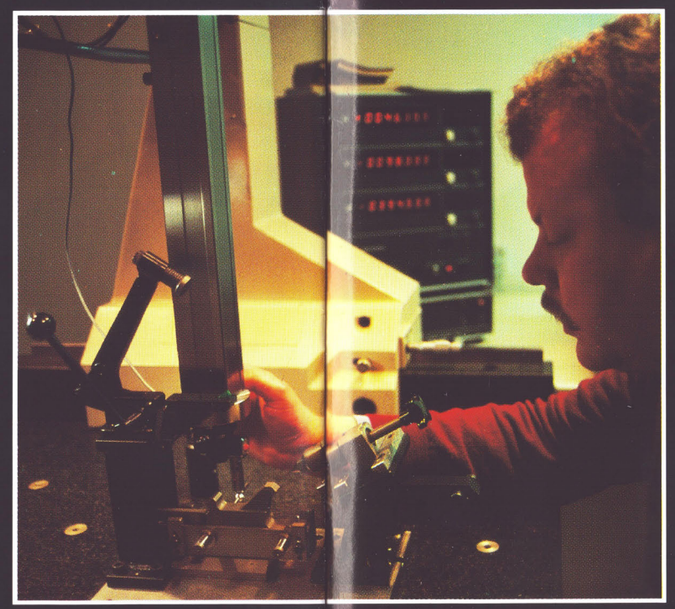
## SIGARMS PISTOL CASE

This handsome, textured silver-gray carrying case is made of extra-durable, high-impact, molded plastic with a built-in handle and black swivel-clasp closures. Inside is a recess to accommodate the P 220, P 225, P 226, P 228, or P 229 pistol, plus a separate recess for the magazine (or for a spare magazine if the first one is retained in the pistol grip). Case comes with a brass combination padlock.



## PADDED FLOORPLATE

This hard-rubber floorplate pad is available for the magazines of SIG SAUER P 220 and P 226 pistols. When ordering, specify your pistol model.



## SPARE PISTOL MAGAZINES

Spare magazines are available for the entire series of SIG double-action semi-automatic pistols. Models, calibers, and capacities are as follows:

P 220—.45 ACP, 7 rounds, American or European type, blue, or American type, nickel; 8 rounds, American or European type, blue; —.38 Super, 9 rounds, American or European type, blue; —9mm, 9 rounds, European type, blue.
P 225—9mm, 8 rounds, blue or nickel.
P 226—9mm, 15 rounds, nickel.
P 228—9mm, 13 rounds, blue.
P 226/228—9mm, 15 rounds, blue.; 20 rounds, blue.
P 229—.40 S&W, 12 rounds, blue.
P 230—.380, 7 rounds, blue or stainless.

## SIGLITE NIGHT SIGHTS

SIGLITE Night Sights employ Tritium luminous dots that facilitate optimum target acquisition under variable light conditions—all the way into darkness. The sights come as a set—front and rear—and are available for the P 220, P 225, P 226, P 228 and P 229 pistols.
